

May 3, 2010

**ParisTech-*Journal of Economic Theory***  
**Conference on Inequality and Risk**  
**Paris, June 25–26, 2010**

**Friday, June 25**

Opening Remarks 8:30–8:45

Thibault Gajdos (CNRS, Ecole Polytechnique, and CERSES) and John A. Weymark (Vanderbilt University)

Session 1 8:45–10:25

Chair: Alfred Galichon (Ecole Polytechnique)

“Ex Post Egalitarianism and Harsanyi’s Impartial Observer Theorem,” Simon Grant (Rice University), Atsushi Kajii (Kyoto University), Ben Polak (Yale University), and Zvi Safra (University of Exeter, The College of Management, and Tel Aviv University)

“Social Rationality, Separability, and Equity Under Uncertainty,” Marc Fleurbaey (CNRS, CERSES, and Université Paris Descartes), Thibault Gajdos (CNRS, Ecole Polytechnique, and CERSES), and Stéphane Zuber (CORE and Toulouse School of Economics)

Coffee Break 10:25–10:45

Session 2 10:45–12:25

Chair: Alfred Galichon (Ecole Polytechnique)

“Ethically Robust Comparisons of Distributions of Two Individual Attributes,” Nicolas Gravel (Université de la Méditerranée Aix-Marseille II and IDEP-GREQAM) and Patrick Moyes (CNRS, GREThA, and Université Montesquieu Bordeaux IV)

“Multidimensional Inequality Comparisons: A Compensation Perspective,” Christophe Muller (THEMA and Université de Cergy-Pontoise) and Alain Trannoy (GREQAM-IDEF and EHESS)

Lunch 12:25–2:00

Session 3 2:00–3:40

Chair: Jean-Michel Grandmont (CNRS and CREST)

“On the Measurement of Discrimination,” Michel Le Breton (Toulouse School of Economics), Alessandra Michelangeli (Università di Milano-Bicocca), and Eugenio Peluso (Università degli Studi di Verona)

“Stochastic Dominance on Unidimensional Grids: Theory and Applications,” Satya Chakravarty (Indian Statistical Institute, Kolkata) and Claudio Zoli (Università degli Studi di Verona and CHILD)

Coffee Break 3:40–4:00

Session 4 4:00–5:40

Chair: Jean-Michel Grandmont (CNRS and CREST)

“Measuring Economic Insecurity,” Walter Bossert (Université de Montréal and CIREQ) and Conchita D’Ambrosio (Università di Milano-Bicocca and DIW Berlin)

“Justifying Social Discounting: The Rank-Discounted Utilitarian Approach,” Stéphane Zuber (CORE, Université catholique de Louvain)

Conference Dinner 8:00–

## Saturday, June 26

Session 5 8:45–10:25

Chair: Brian Hill (HEC and IHPST)

“An Inequality Measure for Uncertain Allocations,” Chew Soo Hong (National University of Singapore and Hong Kong University of Science and Technology) and Jacob S. Sagi (Vanderbilt University)

“Inequality Aversion and Risk Aversion,” Christopher Chambers (California Institute of Technology)

Coffee Break 10:25–10:45

Session 6 10:45–12:25

Chair: Brian Hill (HEC and IHPST)

“Comparative Risk Aversion: A Formal Approach with Applications to Saving Behaviors,” Antoine Bommier (Toulouse School of Economics), Arnold Chassagnon (Université Paris - Dauphine and Paris School of Economics), and François Le Grand (EMLyon Business School)

“Dual Theory of Choice under Multivariate Risks,” Alfred Galichon (Ecole Polytechnique) and Marc Henry (Université de Montréal, CIRANO, and CIREQ)

Lunch 12:25–2:00

Session 7 2:00–3:40

Chair: Karl Shell (Cornell University and *Journal of Economic Theory*)

“Copula-Based Orderings of Multivariate Dependence,” Koen Decancq (Katholieke Universiteit Leuven and CORE)

“Fear of Loss, Inframodularity, and Transfers,” Alfred Müller (Universität Siegen) and Marco Scarsini (Libera Università Internazionale degli Studi Sociali and HEC, Paris)

Coffee Break 3:40–4:00

Session 8 4:00–4:50

Chair: Karl Shell (Cornell University and *Journal of Economic Theory*)

“Increasing Interdependence and Multivariate Distributions,” Margaret Meyer (Nuffield College, Oxford) and Bruno Strulovici (Northwestern University)

Closing Remarks 4:50–5:30

Chair: Karl Shell (Cornell University and *Journal of Economic Theory*)

Tony Atkinson (Nuffield College, Oxford), Michael Rothschild (Princeton University), and Joseph Stiglitz (Columbia University)
